Water Sample Analysis Rates

As of May 27, 2021, 2019

- Rates Listed below are per analysis and per sample.
- We charge an additional \$5 handling fee per sample for requests smaller than 5 samples.
- Rates will vary for some analyses depending on whether received samples are pre-filtered.

Analysis	Rate per filtered sample	Rate per unfiltered sample
Total Phosphorus	N/A	\$15.00
Total Dissolved Phosphorus	\$15.00	\$19.00
Soluble Reactive Phosphorus	\$12.00	\$16.00
Total Nitrogen	N/A	\$18.00
Total Dissolved Nitrogen	\$18.00	\$22.00
Ammonium	\$10.00	\$14.00
Nitrate	\$10.00	\$14.00
Chlorophyll	\$10.00	\$14.00
Phycocyanin	\$10.00	\$14.00
Total Suspended Solids	\$15.00	\$19.00
Particulate Organic Matter (available with TSS analysis)	\$2.00	\$3.00
Particulate Inorganic Matter (available with TSS analysis)	\$2.00	\$3.00
Dissolved Organic Carbon	\$15.00	\$19.00
Chloride	\$10.00	\$14.00
Silica	\$10.00	\$14.00
Microcystin	N/A	\$40.00
Cylindrospermopsin	N/A	\$40.00
Saxitoxin	N/A	\$40.00
Anatoxin	N/A	\$40.00
Turbidity	N/A	\$10.00
Conductivity	N/A	\$10.00
Alkalinity	N/A	\$15.00

- For analyses contingent upon filtering we request that samples be either
 - a) filtered and properly stored within 24 hours of collection or
 - b) delivered to the lab for filtering within 24 hours of collection.
- Further details concerning sample collection, storage, and transport can be discussed upon request for analysis.
- Completion of analysis cannot and will not be guaranteed by specific deadlines.

For inquiries about analysis please contact Jessica Scholz by email: jckmz@missouri.edu
